Dana T.:

I have already spoken with Dennis this morning (had also communicated with him last week) and he is working on something. No assurances that we will see something this morning, as it will have to be looked at internally within R3. He/they do understand that we need something today.

Will keep you posted.

Tito

I will not be a staff meeting today, but should be back by 10:30 I hope. Please work with R3 so I have something to review by then. Thanks Tito.
